LOUISA, LAWRENCE COUNTY, KENTUCKY, APRIL 9, 1920.

ROAD MEETING AT LOUISA TUESDAY WELL ATTENDED

THE MAYO TRAIL COSTS LAWRENCE COUNTY NOTHING EXCEPT A LOAN OF CREDIT.

The good roads meeting held at the court house Tuesday afternoon was a very successful and enthusiastic gathering.

As one of the speakers said, the meeting was made up of the most representative men in Lawrence county. The court house was filled almost to the full seating capacity and we heartily agree with the statement that no gathering of citizens ever seen here would show a higher average in character and standing.

The spirit of the meeting was fine. Routes were being discussed, and while almost every man had a choice, all were striving to rise above the innate selfishness of humanity.

Mr. M. E. S. Posey, engineer in charge of the Mayo Trail, the State and National highway being surveyed from Ashland to Pikeville, opened the meeting and presided. He proved to be a very competent presiding officer. He soon won the confidence of his audience by his frank and sensible statements. He made it very plain that he was here to play no favorites, but to get the best results for the nation, state, valley and county. These assertions were loudly applauded.

Mr. Posey called for short speeches from all who desired to be heard on the subject of routes for the Mayo Trail, and limited each speaker to three minutes. The routes published in the Big Sandy News last week were taken up in detail and speakers were asked to say what the people will do as to rights of way. From the expressions of the speakers there will be no trouble on this point anywhere.

Among those who spoke were: V. B. Shofridge, David Elswick, J. S. Thurman, Dr. J. F. Hatten, Isaac Cunningham, John H. Frasier, R. T. Burns, Judge John H. Thompson, Hon. R. C. McClure, Dr. J. C. Hall, L. T. McClure, J. G. Burns, G. W. Castle, L. A. Garred, F. H. Yates, J. T. Sweetnam, Fred M. Vinson, G. C. Sweetnam, Judge S. H. Burton.

Mr. Posey gave some interesting information as to the highway of which he is the chief engineer. Owing to the fact that state and national aid laws are new and are being changed often by the legislative and executive powers, we have been unable many times to learn just where we stand and how to proceed in road matters. This state of affairs has confused county officials and has often prevented action.

Costs County Nothing.

The most important announcement was that the state and nation will build and pay for the Mayo Trail and maintain it after it is constructed.

It is an absolute gift to us. All we have to do is to help the State finance its part of the cost temporarily, by issuing the bonds provided for by the vote taken last December and loaning the proceeds to the State at the same rate of interest that the bonds bear.

Then the State will pay us back the amount as soon as possible. This is the only way in which the work can be started this year. The national money is ready. Kentucky will collect a much larger road fund for 1920 than ever before, but the amount will not be large enough to meet all demands. Therefore, the counties that have voted bonds and put themselves into position to loan money to the State will get its work completed far in advance of counties that have not done this.

It will be good news to the people to know that this road will not cost Lawrence county anything. We had expected to pay 30 per cent of the cost.

New Law in Kentucky.

The recent Legislature changed the road laws almost completely, doing away entirely with the inter-county road system, but providing that all contracts already entered into by the State for such roads or that may be entered into under the old law before July 1, 1920, will be carried out.

Our bond issue was voted to build roads under that law. \$583,000.00 would be due Lawrence county from the State to be used along with the \$250,000.00 raised by our bond issue. We still have time to bind the State to give us that amount on other roads besides the Mayo Trail, but it will be a race against time to meet the conditions before July 1st.

When the subject of lending the State the proceeds of our bond issue came up, a motion was made to have the citizens present express their sentiments on the proposition. Mr. Posey surrendered the chair to Judge Riffe and he put the motion. The vote was unanimously in favor of the proposition, and not only was it unanimous, but enthusiastic.

We heard members of the Fiscal Court say afterward that they were very much pleased to have that large and representative body of citizens express themselves on this matter, as the court could now proceed with full assurance of what the people want.

The meeting adjourned with everybody feeling that it had been a good day's work and that it had given the citizens and the road engineer a fine chance to get acquainted and started on the right footing for cooperation.

The Court Acts Promptly.

Immediately after adjournment of the meeting Judge Riffe called the fis-

cal court together. The body had been in session in the forenoon, but adjourned for the road meeting.

Realizing that there is no time to lose, the court authorized and directed Judge Riffe and County Attorney D. L. Thompson to negotiate for and employ a competent engineer to enter at once upon a survey of other roads in Lawrence county with a view to saving the State aid available before July 1st. Examination of the statutes showed that \$583,000 is the amount of State aid to which we will be entitled. Instead of \$125,000, as was stated in the road meeting. The court is determined to use every possible effort to commit the State to this expenditure, as there is no provision in the new State law to aid on any roads running east and west through Lawrence county. There is nothing more important to Lawrence than to get hard roads across the county in that direction. This is our last chance to get aid on such roads.

As a further move toward this end the court ordered that Judge Riffe and County Attorney Thompson go to Frankfort immediately after the adjournment of this court and stay with the Road Commissioner and the Attorney General until certain important questions bearing upon these road matters are settled. Until this is accomplished the officers are not quite clear as to how to proceed.

As to funds for more work it is suggested if the county needs any part of the \$250,000 before the State pays it back, the note or other evidence of indebtedness executed to Lawrence county by the State can be used to raise the money.

POSTOFFICE ROBBER CAUGHT AT IRAD

A stranger giving his name as Joe Mitchell (which is probably not his name) was brought to Louisa Wednesday evening by Squire John Hughes, who assisted in capturing the man near Irad, this county. He was charged with robbing the Adams postoffice the night before and has admitted his guilt.

Also, it is believed he is connected with the robbery of the postoffice at Gallup, which occurred a few nights ago. Detective Duke says the man was wearing a pair of shoes that came out of McClure's store at Gallup, where the postoffice is kept. The shoes were taken off of him and will be used as evidence.

The Adams office is in Monroe Adams store. Some money was taken from the postoffice and a few articles are missing from the store. The man wears an overcoat with enormous pockets, in which he carried enough rations to sustain him for days.

In the Gallup robbery the loss in money belonging to the government and the railroad amounts to about \$30. Shoes and other goods are missing also.

The man had more than a quart of pennies, it is said, and other money tied up in small packages or rolls. He is in jail.

When searched a complete outfit of small tools for getting in through doors and windows was found on his person. It is believed that he is a professional. He appears to be about 38 years of age.

The postoffice at Richardson was robbed a few days before the Gallup robbery. Also, the Yalagsville office was victimized a short time previous. It is thought very probable this man was connected with all these jobs.

WOMEN ON THE DEMOCRATIC COMMITTEE OF SEVEN IN KENTUCKY

Louisville, April 7.—Active direction of the Democratic campaign will lie with an Executive Committee of seven from the State-at-large members of the party's Administration and Campaign Committee which was appointed at the recent Democratic conference here.

Announcement of this action authorized at the gathering of Democrats from all over the State was made Sunday by P. H. Callahan, Louisville, who with Marion E. Taylor, is joint chairman of the Administration and Campaign committees.

The executive committee of seven is composed of Senator Johnson N. Camden, Versailles; Judge Charles A. Harrodsburg, who is chairman of the Democratic State Central and Executive Committees; Harry A. Sommers, Elizabethtown; Marion E. Taylor, Louisville; Mrs. S. P. Fetter, Ashland, and Mrs. Jno. Fulton, Bardonia.

WM. LESTER DIES.

William Lester, an N. & W. engineer who formerly lived here, died at his home in Portsmouth, Ohio, Tuesday of last week. He had an abscess on the inside of his throat that burst while he was coughing and choked him to death.

He was a brother of Mrs. Fred Daff of Credo.

The body was buried at Portsmouth Friday.—Credo Advance.

NEW STATE HIGHWAY COMMISSIONER TO BE NAMED

Frankfort, Ky.—Roy Brown, of Indianapolis, formerly of London, Ky., son of Judge W. L. Brown, is tipped as State Highway Engineer under the new State Highway Commissioner. The resignation of Joe S. Boggs, of Richmond, Public Road Commissioner, has been in the hands of Governor Morrow for some time, but he has been serving until his successor is appointed.

TRAIN SERVICE TO BE INJURED BY THE NEW SCHEDULE

THE GENERAL PUBLIC WILL SUFFER AT MOST PLACES BY THIS PLAN.

It is announced that an important change will be made in train service on the Big Sandy division of the C. & O. next Sunday.

Train 37 will leave Pikeville at 8:30 a. m., passing Louisa at about 11:30. Train 38 will leave Ashland about 4:15 p. m. instead of 3:30.

The schedule will be considerably faster than at present, because about two-thirds of the stops will be discontinued. The only stop between Catlettsburg and Louisa will be Buchanan. Above here the trains will stop only at Richardson, Whitesburg, Paintsville, and in about that ratio all the way to Pikeville. We have not the exact schedule at hand.

A buffet car will be carried on these trains, but no chair car.

The B. & O. schedules on the branch lines up Big Sandy are being changed to conform to these changes. The morning train from Jenkins to Pikeville will be changed from a mixed to a passenger train and will arrive before 37 leaves Pikeville.

A Bad Arrangement.

Surely the C. & O. is influenced in this change by something other than the interests of the general public. Any business man living in the Big Sandy Valley can suggest a better arrangement than that for the accommodation of the entire public. And the public interests should be the chief consideration in arranging service, as far as can be reasonably done.

It is a well known fact that passenger traffic on Big Sandy trains has been so heavy for a number of years that the people are compelled to stand in the aisles very frequently for many miles.

What the C. & O. should do is to continue the present service of accommodation trains, two each way per day, perhaps starting 38 out of Ashland an hour or two earlier; then add two such trains as now proposed (one each way per day).

The business will justify this service. The people are entitled to it. The Big Sandy passenger trains turn in more profit to the C. & O. on the mileage and equipment employed than any other equal part of this great system produces.

With all due deference to employees, no train schedules should be made for their convenience or comfort when the interests of the public suffer thereby. And no one or two points on a road should be favored at the expense of all others.

It is very important that people at all way stations have opportunity to reach the nearest town and return home without undue loss of time. Time is money to every farmer and to every producer. It is important to help the people in this respect. With proper facilities they will travel more.

The proposed schedule makes it impossible for people at two-thirds of the stations to make a round trip in a day to any point west of them. They can make a round trip east, but must spend the entire day, except those living near the east end of the road.

To show how it will work out at Louisa and adjacent territory, let's take a concrete case. People living at Gallup, 19 miles east, or at Kise, 12 miles east, have only one chance per day to come to Louisa, arriving at 7 p. m., too late for business. The only chance the next day for a train that stops at their station is at 7:36 a. m., too early for business, which means they must stay here two nights and a day in order to transact any business, or they must find some other way to travel.

The same absurd situation exists as to all other towns and the way stations east of them.

If we can not have this third train each way per day there should be no change at present. It has been suggested that the proposed change would be only temporary to stand until the C. & O. arranges to handle fast through service from Elkhorn City to the South. Then, it is said, through sleepers and fast trains will be handled over this division, delivering the sleepers at Elkhorn City and receiving those coming from the south.

Why not wait until the C. & O. does this? We shall all welcome the day. But it is a huge blunder to make the change now proposed. Everybody should protest against it.

LATER.—The Ashland Independent says it is informed that No. 38 will leave Ashland at 5:15 p. m., and that 37 will arrive there at 12:30.

Also that on the Beaver creek branch of the B. & O. a passenger train will make two round trips per day.

DEATH OF MISS CRAGER.

A telegram was received Wednesday from Columbus, Ohio, by Mr. J. M. Cyrus of this city, announcing the death of his niece, Miss Mary Crager. She had been in failing health and some time ago had gone to Texas in the hope of being benefited by the change of climate. Accompanied by her father she had started home from San Antonio, but passed away before reaching there.

She was the daughter of J. C. Crager and has relatives and friends in this county. Mr. Cyrus left Wednesday to attend the burial which will be at Harrodsburg, Ohio.

GREEN B. HALL DIES AFTER LONG ILLNESS

The death of Mr. Green B. Hall occurred last Monday after a lingering illness of tuberculosis. He was a nephew of Mrs. Phil Preece and had made his home there for quite a while. He was a native of Martin county.

On Tuesday afternoon funeral services were conducted at the Preece home, Eloise farm, by the Rev. H. B. Hewlett. Many of the young man's friends attended the funeral and burial. He recently was converted and united with the M. E. Church South.

CITY COUNCIL.

The city council met Tuesday night in regular session and attended to routine business.

When the matter of a franchise for electric light and power service came up a question was raised about the rates named in the proposition that had laid over since the last meeting, especially the rates on current used for power. The matter was finally passed until Wednesday night, upon an agreement to adjourn over until that time. The next day, however, the Loh-bacco company withdrew the application and no meeting was held Wednesday night.

REAL ESTATE DEALS.

Mrs. John Chapman has sold her residence property in Louisa to Harvey Hardin, of Gallup. She will leave soon for Florida where her husband has been for some time.

Dr. W. W. Wray, of Richardson, has bought from J. W. Riley the house on Water street which is occupied by Mr. and Mrs. Duke. Dr. Wray bought it as an investment and does not expect to move here soon.

MARRIAGE LICENSES.

Muss Billups, 20, to Lillian Bellomy, 19, of Pritchard and Fort Gay.

Dennis Moore, 25, to Jettie Church, 20, of Wilbur.

Earle Crabtree, 22, to Mary Dowdy, 18, of Ovid.

Frank D. Bartram, 21, to Fannie Williamson, 16, of Fort Gay.

Oscar Combs, 18, to Connie Holbrook, 16, of Tusculum.

Joseph Warden, 26, to Anna Blankenship, 22, of Ashland and Louisa.

CHILD BURIED HERE.

Ollie Wanda, the 16 months old child of Mr. and Mrs. Ransom Pack, died at their home at Plain City, Ohio. The cause of her death was pneumonia which followed an illness of influenza. The body was brought to their former home in this county. Interment took place last Saturday afternoon in the Mary church burial ground at Charley.

Mr. and Mrs. Pack and two children were in Louisa Monday returning to their home at Plain City.

LAWRENCE FISCAL COURT.

The Lawrence Fiscal Court convened Tuesday in regular semi-annual session with all magistrates present as follows:

R. C. Miller, George Wellman, B. F. Diamond, W. T. Fugitt, J. H. Frasier, John S. Chapman, Henry Bishop, G. V. Pack.

Consideration of claims was the chief business before the court. Adjournment Thursday evening was expected.

Big Coal Deal in East Ky. and W. Va.

A coal deal involving a consideration of \$525,000 was concluded April 1, when Harry P. Jones, of 1029 Eighth street, sold the West Virginia & Kentucky Coal company, of Letcher-co., Ky., the Acup Creek Coal company, of Perry-co., Ky., and the R. J. Jones & Sons Coal company of Jonesville, Ky., to the Consolidated Fuel company of Pittsburgh.

Isaac J. Jenkins of Pittsburgh is president of the purchasing corporation and Charles A. Miller of Pittsburgh is to be general manager of the Consolidated operations. Other officers will be James R. Jones, assistant general manager, Harry P. Jones, Jr., auditor and William J. Phillips, manager of stores.

The properties involved in the deal contain 5,200 acres. Each of the properties is now in active operation.—Herald Dispatch.

RARE OLD MAN.

Thomas H. Mannin of Carter county is a remarkable man at 93. He has never had a doctor, never has missed voting but once and absences from church have been almost as rare. He has never used tobacco or coffee, never gambled or danced, and has never had a quarrel.—Harrodsburg Democrat.

GEOLOGIST IS APPOINTED.

Governor Morrow has appointed Prof. Willard R. Jilson, of Frankfort, State Geologist. He has been State Geologist under J. E. Barton, of Frankfort. The salary is \$3,500 a year, and the department has an appropriation of \$27,500 for its use.

This is a very important office and every report that goes out should be accurate. This has not been true of some of Mr. Jilson's reports.

J. E. FERGUSON.

Manlius, N. Y., April 2.—Cadet J. E. Ferguson, a student at St. Johns Military School here, has left for his home in Louisa, Ky., where he will spend the Easter vacation with Mr. R. L. Vinson. Cadet Ferguson is taking a college preparatory course and is a member of the Reserve Officer's Training Corps maintained at the institution by the War Department.

LAWRENCE COUNTY THE ONLY BEREAS PRODUCER IN KY.

FACTS NOT GENERALLY NOTED ABOUT THE LOCAL OIL FIELD.

Lawrence county has never been boosted as an oil field, but the development has gone along quietly and steadily until she has broken Kentucky records in more respects than one.

The Kentucky Geological department, in its very questionable reports, overlooks this county almost entirely, and is erroneous in the slight references which are made to the county.

In the first place Lawrence is the only county selling oil from the Berea sand, which it has been doing for eight years.

It is the only county in Kentucky producing oil and gas from three different sands.

Lawrence has over 200 producing wells and new ones coming in on an average of almost one each day. This average will be reached when the roads dry out.

Lawrence is well provided with pipe lines and the production is being handled promptly.

The grade of oil is very high. The life of the Berea sand is known to be over 30 years.

The Local Field.

The last well on Mrs. Hannah Lackey's farm is making a fine showing.

The last well on Thad. Ransom reached a bad place in the sand and has been abandoned as a dry hole.

Well No. 5 on L. N. Hutchison is down 700 feet.

No. 6 on the Conley tract near Potter is starting.

The last well on the Hester Carter farm is a good one.

The well on Sweetnam's farm near Wilbur is still held up by a fishing job.

The Keaton oil company has one of the biggest wells yet drilled in the county, it seems from all reports. Our correspondent from Skages gives a full report of it.

Mr. Ayers is pushing development to the limit on his leases in the upper Blaine field. He is starting a well on a lease adjoining the Keaton tract.

In Martin County.

The deep test well on Stafford fork, east side of Martin county, reached a depth of about 3000 feet. Gas was found in the Berea and the corniferous sands. Both of these formations were due to be shot this week. The well belongs to the Mayo Oil company.

Johnson and Magoffin.

Good reports continue to come from this field. The pipe line will reach there soon and the real test will then be made. Drilling is active.

The pipe for the line is already being delivered, and arrangements have been made to speed up the work so as to complete the new line within thirty to forty-five days. The line will be 14 miles long, beginning at Patrick's station, in Johnson county, thence running into Magoffin county and back into Johnson county, where it will connect with the main line.

Another Torpedo Co.

The Cumberland Torpedo company has entered this field and keeps a supply of nitroglycerine and men to shoot the wells. This enables producers to get prompt service.

CHURCH NEWS AND OTHER MATTERS OF RELIGIOUS NATURE

CHRISTIAN CHURCH.

Revival by Evangelist H. W. Schwan.

The revival at the Louisa Christian church is growing in interest and influence with every service. Also the weather has been very unfavorable, the attendance and interest have been excellent.

There is nothing sensational in the Evangelist's methods or messages, but everywhere you can hear people saying "never heard clearer, more logical, yet simple and convincing presentation of the whole gospel." The messages ring true to the slogan "The Bible. The Whole and Nothing But The Bible." The singing is inspiring and rich.

The meetings continue indefinitely every night at 7 o'clock.

On Sunday at 9:30 a. m., a model Bible school session, classes for everybody and a popular presentation of the lesson to the adult classes by Evangelist. The morning services will be condensed into a single unified service, study period to be followed by several special features and an illustrated lecture on "Jesus the Light of the World." Closing with the Lord's supper.

The Sunday night subject at 7 will be: "The Keys of the Kingdom." Special music at all services of the day. On Tuesday night, April 13, the subject of sermon will be: "The Unpardonable Sin." On Wednesday, April 14: "How To Be Infallibly Safe." The question box has been a source of much information and help.

Everybody is cordially invited to all these services.

M. E. CHURCH SOUTH.

Services last Sunday morning consisted of special music and talks by the minute men. W. E. Queen and F. H. Yates were the speakers. A. O. Carter was in charge of the service.

The pastor, Rev. Bell, started from Troy, Alabama, for Louisa several days ago, stopping at Ridgeville, S. C. He is expected home this week.

The revival will start on April 21st, with the Wisdom Sisters assisting the pastor.

The chicken supper at the church last Saturday evening was largely attended.

Pray for a revival.

Hear the Wisdom Sisters sing at the M. E. Church South, beginning April 21.

The Board of Health has power to close shops, stores, churches, during epidemics of flu or otherwise. Wonder how many stores, shops, etc., will close during the revival meeting. Sin and the Judgment are subjects not calculated to arouse much interest.

The M. E. Church South in Louisa stands for SOMETHING. Do you know what it is?

If the Methodists of Louisa will wear out more "knee leather" the next two weeks than shoe leather God will bless the town with the greatest spiritual awakening in her history.

Get right with God any many other things will right themselves.

During the past war it was said that hyphenated Americans were a menace. Wonder if hyphenated Methodism is not a menace in our town.

Do not be afraid of holiness. It isn't holiness in the church that hurts, it's the lack of it.

The Sunday schools have been departmentalized and the church organized to the nth degree. But what we need most has been so well said by Bishop Candier, is to AGONIZE.

Have you ever lost an hour's sleep over the unsewn of this town? Try it.

Sunday School 9:30 a. m.

Morning service 10:26.

Evening service 7:00 o'clock.

Prayer meeting Wednesday 7 p. m.

Bible Class Thursday 6:30 p. m.

Choir practice from 6 to 6:40 p. m. Friday.

A cordial invitation is extended every one to attend these services.

JAS. D. BELL, Pastor.

Go-To-Sunday-School Day.

A meeting was held Sunday afternoon in the M. E. Church to make preparations for Go-To-Sunday-School day which is the first Sunday in May. It was attended by representatives of the four Sunday Schools of Louisa. Mr. W. J. Vaughan, the field worker, was also present. Arrangements were made for a house-to-house canvass on the afternoon of April 25. Four members from each school will be selected to do the work.

Special Easter Program.

A good Easter program was well rendered to a large and delighted audience at the M. E. Church on last Sunday evening by the regular choir and some of the Sunday School children. Much credit is due Miss May Hale for her service at the piano, Miss Nancy Sue Cummings for the training of the children, Mrs. Ora C. Atkins for preparing the costumes and decorations and Miss Gladys Atkins who sang for the pantomimes.

TRINITY

Joyful Easter picnic was given by the girls and boys of Little East Fork in remembrance of our dear Lord. Dinner was prepared by W. R. Shortridge's daughter, W. H. Miller's daughters, W. L. Rice's daughters and G. W. Handley's daughter. The crowd gathered at the mouth of Little East Fork, by the time they reached the hilltop where they spread lunch the number had increased to 27 girls and boys. The girls were dressed in white mid-dy suits with yellow ties, while the boys represented Easter by wearing yellow ties. They were gone from ten o'clock a. m. until three p. m. All enjoyed the beautiful sunshine and returned home safe before the hall storm. They reported a fine time long to be remembered. **PARTY.**

WALBRIDGE AND HOLT

Rev. and Mrs. B. C. Reed were guests over Sunday of Henry Boothe and family. Marie and Clyde See came up from Portsmouth where they have employment to visit their parents at Sunny-side Farm. Clyde returned Monday and Marie remained for a longer visit. Autie C. Burgess of Richardson was the Sunday guest of friends here. D. J. Peters, of Lavalotte, W. Va., spent a few days here last week. Sam Salyers, of Pikeville, was the over Sunday guest of friends here. Mr. and Mrs. Wayne Dean returned to their home at Portsmouth Monday after a visit to Mrs. Dean's mother at this place. Lacey Williamson and Rover Peters attended a party given by Roberta Shannon Saturday evening. Miss Gray Brooks came up from Louisa for a visit to Miss Briza Peters remaining over Sunday. Charles Ferrell is in Ashland this week. Mrs. J. Crit See, Jr., returned home after a visit to her parents at Busseyville. Mrs. G. B. Carter was up to visit L. Holt and family recently. Mr. and Mrs. Baz Wellman came from Williamson where they have been living for about three years and are now living on John Wilson's farm. They are very desirable people and are a help to any community. Mr. Henry Burke was here Sunday from Beaver Creek. Tommy Ratcliff, who has been working at Beaver Creek, came home to spend the summer on the farm. Robert Wilson, of Gibson, was the guest of friends here for a few days last week. Mr. and Mrs. Jim York and Mrs. Fannin spent Tuesday in Louisa.

WEBBVILLE

Quite a hail storm was here Sunday afternoon about 4 o'clock. The hardest and largest hail that most any of the people here have ever witnessed. Most every residence in Webbville has window-panes broken out. Mrs. E. W. Smith and daughter Ruby have returned from Logan, W. Va., where they have been for some time. James Smith left here Friday for Hubbardtown, W. Va., to spend a few days with his father-in-law, Samuel Shepherd. Miss Edith Webb spent the week end with relatives. H. F. Black and family went to Grayson Saturday. Mrs. Hugh Shepherd was calling on Mrs. E. W. Smith Friday. Roy Blankenship, traveling salesman, was calling on our merchants last week. Mrs. Levi Webb and little granddaughter, Frances Pauline, of Louisa, are spending a few days here. We feel proud to report that the good people of Webbville have all thrown in and made up enough money to have Mr. Mart Kazee to cut and rake the cemetery and it is now cleaned off and in good shape, the best it has been for years. Sunday School here every Sunday morning. Everybody come. **OH, MR. JACK.**

DEWS OF EVE

No More Gentle Than
"Cascarets" for the
Liver, Bowels

It is just as needless as it is dangerous to take violent or nasty cathartics. Nature provides no shock-absorbers for your liver and bowels against calomel, harsh pills, sickening oil and salts. Cascarets give quick relief without injury from Constipation, Biliuness, Indigestion, Gases and Sick Headache. Cascarets work while you sleep, removing the toxins, poisons and sour, indigestible waste without gripping or inconvenience. Cascarets regulate by strengthening the bowel muscles. They cost so little too.

BLAINE

Earl Berry has gone to Berea to spend a few days with his brother, Herman who is attending school at that place. Clyde Fraley has returned from Ohio where he has been visiting his uncle, Lura Moore. Several from this place attended the road meeting in Louisa Tuesday. Willie Swetnam and Mary Boling, of Wilbur, and Lida Osborn, of Coriell, spent Sunday with their cousin, Anna Louise Gambill. Miss Flora McKinnon spent the week end with home folks. Several young folks spent Sunday afternoon at M. M. Bates'. Grace Swetnam and Pearl Bates were the guests of Ethel Swetnam last Sunday night. Nellie Berry was the Sunday evening guest of Georgia Mae Kouns. Mrs. Mondane Holton and little daughter Lexi T. spent Wednesday night with her aunt, Genoa, Jordan. Mr. Yost, of W. Va., passed through Blaine Tuesday enroute to Elliott county in the interest of oil company. Dennis Wellman was a business caller at this place Saturday. Jay Lyons is moving into Mrs. Tabitha Sparks' house, which was recently vacated by Hubert Arrington. **X. Y. Z.**

TWIN BRANCH

Several from here attended church at Polly's Chapel Saturday night. Nelly Jobe and Eva Carter were shopping here Monday. We are very sorry to hear of the serious illness of Mrs. Elizabeth Jobe who is with her daughter, Mrs. E. E. Wheeler at Ashland, Ky. We sincerely hope for her speedy recovery. Mr. Steele, Mr. Newsom and Willie Kouns were callers here Tuesday. Mr. and Mrs. Cecil Adams were the guests of Mr. and Mrs. Felix Adams Saturday and Sunday. Paul Burton and Chas. Chaffin have been attending church at Polly's Chapel. Mrs. Roy Burton was shopping here last week. **A PET.**

Senator Lodge fought the Federal Reserve System when it was being considered in the Senate, and predicted that financial ruin would result from its enactment. It has proved to be the greatest law ever enacted for the safety of business and a guarantee of prosperity. This shows how wise Senator Lodge is not.

The new board controlling prisons and asylums in Kentucky is reviving some practices formerly in effect in regard to prisoners applying for parole. One is to visit the penitentiary and talk with prisoners who are eligible and have applied. Also, as to following paroled men into civil life and helping them to keep employment and "go straight" by getting monthly reports from their employers and sending the employment agent to see them when occasion required. Reading the newspaper reports coming out of Frankfort the public perhaps thinks these are new plans in Kentucky. They are good plans and should be persistently followed up, but they are not new.

The smelling committee appointed by the recent Legislature made itself ridiculous by bringing Senator Stanley from Washington to interrogate him about permitting a dog belonging to his little sons to eat the scraps from the tables of the convicts in the penitentiary. He pleaded guilty to the charge of thus grafting from the State. The dog was a present to the boys, but could not be kept at the mansion, so the Warden kept the dog at the prison for awhile.

All that committee found was that the State prisons and asylums have been run economically, in old buildings which the Legislatures have persistently refused to discard or replace.

A GERMAN VICTORY.

The Manufacturers Record tells how some weeks ago the Supreme Council meeting in London (the United States not being represented in the meeting) decided to revise the Peace Treaty. According to this report, the Versailles agreement was renounced, and France, by economic pressure, was forced to accept, "instead of indemnities from Germany, a new obligation to aid in the industrial and political upbuilding of that country." The Manufacturers Record says the new program calls for the "appointment of a Russian commission, the personnel of which shall be prearranged to favor recognition of the Soviet, this recognition to be limited at first and thereafter made complete; reconsideration of the coal supply of Germany and the Upper Silesian question; severe limitation of the German indemnities, and the grant to that country, before payment of indemnities, of a loan where-with to re-establish her industrial status. These are but a few of the points involved. The chief thing is that the Supreme Council, at its recent session in London, in which the United States did not actively participate, agreed virtually to abandon the basic principle underlying the whole

Versailles treaty and substitute therefor an entirely new program which constitutes a victory for the Hun greater than any he won in the field during the war."

CHICAGO BEATS BROOKLYN, SAYS DR. F. F. SHANNON

(Chicago Evening Post)

Chicago is the center of ideal Americanism. This is the opinion of Rev. Dr. Frederick F. Shannon, who came here recently to succeed Rev. Dr. Frank W. Gunsaulus as pastor of Central church. Dr. Shannon is from Brooklyn. He was a pastor there for years, and yet, he says, here in Chicago he finds a seriousness, an earnestness and a whole-hearted spirit in church work that is unknown in the east.

To meet Dr. Shannon is to know him, and after one has sat with him in his study for a few moments' conversation he realizes that here is a man who, although coming from the east, is so enthusiastic over the city of his adoption that he declares it is here he expects to spend the remainder of his life.

Ideal Life Here.

"In Chicago," he told a reporter of The Post today, "I have found my ideal of American life. This is truly an American metropolis, and although I have lived here but a short time, already I find myself peering into the future and visualizing Chicago as I expect it to be a quarter of a century hence."

Dr. Shannon is widely known as a lecturer and writer, and before his connection with the undenominational church work was for seven years pastor of Grace Methodist Episcopal church in Brooklyn. He is a deep student of men and believes that society can be bettered only by the betterment of the individual.

Serious in Religion.

"Chicago is wonderful in so many ways that it is a constant revelation to me. There is a warmth here that one does not find in the east—a warmth of heart in everyone that one feels reflected in a special way in church work. People here take their religion seriously, and in saying that I believe I speak for every denomination. My introduction to a Chicago congregation was proof positive of that."

"It was months ago Dr. Gunsaulus wired me asking me if I would come to Chicago to occupy the pulpit of Central church on a Sunday."

"My advent had not been heralded, and entered in no way into the equation. It was simply a striking example of Chicago people as they are."

"Sunday morning it was raining hard. Such a rain in New York would have meant an attendance of 250 or 300 in the average church. I arrived perhaps twenty minutes before time for the services to begin, and one of the trustees came to me."

Astonished by Crowd.

"We have a fair congregation this morning," he said, "but of course we can't expect much because of the weather."

"How many are here now?" I asked. "Oh, about 900," he replied in a rather disappointed tone. My astonishment grew when, by the time I was ready to begin the services, a congregation of at least 1,500 had gathered."

Dr. Shannon—it is due perhaps to his Kentucky birth—likes the absence of those conventions to which so many easterners are bound.

"The people here are representative of the whole country," he said.

"It is unfortunate that in the east a spirit of coldness and reserve predominates. This applies particularly to New York."

The Chicago Art Institute and other educational institutions have particularly attracted Dr. Shannon. He has

found time to examine the work being done by the thousands of students who are here from every part of the country and he has concluded that in educational affairs Chicago is entitled to take rank with the best in the world.

MADGE

There is some talk of Sunday School being organized here the fourth Sunday in April.

Milt Bradley is on the sick list. J. A. Moffett, of Huntington, W. Va., made a business trip to Madge Tuesday.

Lloyd Barker, of Louisa, was the guest of Al and Georgia Hutchison Sunday.

SKAGGS

There is quite an excitement in our midst over an oil well that has just been drilled in near the mouth of Keaton creek on Jesse Lyon's farm by contractors Lee Wetzel, R. C. Burton and Windfield Edwards. It is indeed an oil and gas well proper. This well was shot Thursday evening. Before it was shot it flowed 'til Blaine creek was backed up four inches. After it was shot it flowed 'til it filled a 100-barrel tank in less than ten hours. All speed was made that could be to get more tanks on the ground, but not until quite a lot of oil was lost. There were quite a number of oil magnets at the shooting: J. N. McCum, Dr. C. B. Walters, Dr. Proctor Sparks and M. B. Sparks, of Louisa; Drs. J. J. Gambill, Dr. H. H. Gambill, G. V. Burton, Johnie Osborn and George Kouns, of Blaine town. Also Mrs. J. J. Gambill, of Blaine, Mrs. James Wright, Mr. Squire Kelley and daughters of Red Bush, Emory Holbrook Rufus Skaggs, Wayne Wright and Florence Holbrook were there with their kodaks. It is to be hoped they got a picture of the ascending volume of smoke, oil and gas—it was something wonderful. Oil men say it is one of the best wells in Kentucky. It is indeed a gusher.

A. B. Ayers has moved one of his grilling machines on P. P. Holbrook's farm and will commence putting down a well at once.

Parish Sparks, our trustee, is out hustling around taking the school census.

The Cumberland Pipe Line company is at work laying the line to the big oil well on Keaton. Five of their men are boarding at P. P. Holbrook's.

Lonnie C. Skaggs and Eva Wheeler, of this place, are attending school at Louisa.

Vesta and Oscar Skaggs, who went from here to Arizona last September on account of the latter's health, write that the climate and situation has wonderfully improved his health. He is now at work at a good salary in Safford. Vesta is in Phoenix nursing at \$35 per week.

BEST OFFICE IN THE STATE TO CHANGE

Roscoe Searcy, Louisville attorney, and brother of Chesley Searcy, is slated for the post of Oil Inspector in Jefferson county. The appointment is to be made by County Judge William Krieger next July, and the office is considered one of the richest political "plums" in the State.

Estimates ranging from \$10,000 to \$40,000 a year indicate the worth of the office. The holder of it is paid in fees, and those who profess to know say it never has paid less than \$10,000 a year. The appointment is for a term of four years.

John H. Cahill, Democrat, is the present Oil Inspector here. He was appointed by Judge Samuel W. Greene, Democrat.

Judge Krieger, who asked whether he had decided upon whom he would appoint, said he had not. A rumor was current that Chesley Searcy was to receive the office for some time.—Courier-Journal.

Deardorff-Sisler Co.

Huntington's Style Center - - - - - 424-34 Ninth Street

A Review of Fashion

The Early Spring brings an ever recurring interest in New Fashions. This Spring is exceptional only in the increased enthusiasm of Women to see and select what the creative genius of Designers have to offer.

Significant of Deardorff-Sisler is the wide range of interesting modes being exhibited in the second floor Ready-to-Wear Salons.

The materials, styles and indeed the most late details of each garment are in accord with the well-known ideas of the Store Accommodating.

THE DAY OF INDIVIDUALITY IS TODAY. This is the day when women are seeking to dress according to their own type, rather than make a style become them without rhyme or reason.

FROCKS for women for the debutante and for the Sub-Deb are as fascinating as variety can make them. Some are independently tailored for Ave. wear. Others are fashioned with delightful insouciance for the more formal hours of the day.

SUITS, too, are pervasively different, one from the other. Long slim silhouettes have a dignified admiration for the piquant Eton as well as for the youthful boxcoat of hip length.

COATS—and with coats are wraps, capes and a dozen ideas for topea a costume. They are more beautiful than this generation ever remembers them to have been.

BLOUSES do not refrain from being as beautiful as the minds of men and women can create beauty. Deardorff-Sisler presents with impartiality exquisite models.

SKIRTS, too, are rich in imagery of color, fabric and fashions in friendly co-operation with the variety of the Blouses.

ALL THE MILLINERY displayed is our own imported hats from greatest model makers of the world.

"Clean-Up" Proclamation

Louisa, Ky., April 7, 1920.

To the Citizens of Louisa:

April 12-16, 1920, has been set apart

for a "Spring Clean-up Campaign"

throughout the State of Kentucky, and

as Mayor of Louisa I hereby declare

Thursday, April 15, 1920, to be "Clean-

up Day" for Louisa, and most respect-

fully request that all of our citizens

shall on that date co-operate with the

rest of the state in this splendid work.

Fire and disease are invited by rub-

bish piles. A large part of the fire

waste in this State, it is claimed by

State Fire Marshal W. T. Crosthwait,

is directly due to untidy conditions.

Heavy losses naturally increase fire

hazard and cost of insurance.

I, therefore, most respectfully re-

quest that on this day every home, ev-

ery business house and every hotel and

private boarding house be carefully

inspected and a general clean-up of

the winter's accumulation of papers,

old furniture, oily rags, discarded

clothing, rubbish and other valueless

materials from attic to the basement,

or upon the premises.

To this end, we ask that every citi-

zen put forth his best effort on that

day, THURSDAY, APRIL 15th, 1920,

for the prevention of fires and diseases

in the City of Louisa—clean up, and

if possible paint up. Let us get busy

and make Louisa the most attractive

town in the State.

AUGUSTUS SNYDER, Mayor.

"UNCLE JOHNNY" SHELL.

The Shelby News says:—There are

quite a number of local citizens who

paid to see "Uncle John" Shell at the

1919 State Fair and the Lexington

Fair, believing he was as represented,

"the oldest living man—aged 131 years."

The publicity given this aged man by

newspapers spread to every section

of the country, and in order to fully com-

prehend his habits of living, which

caused his longevity, Dr. L. L. Nascher,

of New York city, recently visited the

old Shell home on Greasy creek in the

mountains of Eastern Kentucky. After

making extensive investigations he

says in part in a page article in the

Quick Action Corn Cure

"Gets-It" Stops Pain Instantly and Corn Soon Lifts Right Off.

A few drops of "Gets-It" quenches corn pains like water quenches fire. Gives you immediate relief.

"Gets-It" Feels It Off

The corn begins to lose its grip at once. In a day or two it is so loose that you can lift it off, roots and all, with thumb and finger. That's the last of it, as millions have found out. It is the simple, effective and common-sense way to be rid of corns.

"Gets-It," the never-failing, guaranteed, money-back corn remover, costs but a trifle at any drug store. Mfd by E. Lawrence & Co., Chicago.

Sold in Louisa and recommended as the world's best corn remedy by Louisa Drug Co.

OBITUARY

Charley W. Rice was born near the mouth of Hoods fork of Blaine in Lawrence county, Ky., May 28, 1875, and departed this life at Dennis, Ky., March 19, 1920, aged 45 years, 9 months and 20 days. He was married to Minnie Whit March 14, 1909, and to this union was born six children, four boys and two girls: Arnold, Heston, Herbert, Olive, Ruth and Edwin.

Charley was a son of Cam and Levina Rice and a nephew of Dr. W. A. Rice of Dennis, and Dr. N. T. Rice of Blaine. He was a victim of tuberculosis and his affliction was of long duration. All was done for him that noble physicians and kind friends and good neighbors could do, yet they could not stay the cold hand of death. He was one of Lawrence county's best men, loved, honored and respected by all who knew him.

He was elected County Assessor of Lawrence county and was a good officer. He was in the merchandising business and was assistant postmaster at Dennis for years.

He was kind to all and a man in the noblest sense. He was an I. O. O. F. in good standing and belonged to Oliville lodge No. 343. He was happily converted about 5 hours before his death and spent most of that time praising the Lord and talking to his family and friends and asking them to meet him in heaven. He told his little boys to be good and mind their mother and work and raise them a good crop. Charley is on love's eternal shore where sickness, sorrow, pain and death are felt and feared no more. He will not return to us again though we can go to him. God bless the bereaved.

To the Farmers:-

We are receiving letters daily asking us the general outlook for Sorghum this year. The possibilities were never better than they are now. Sorghum will be at a premium this fall and it will require three times the amount we have ever purchased before to take care of the demand.

We wish to urge on the farmers the necessity of planting cane. We have purchased forty-five mills and evaporators which will be turned over to farmers at cost. If you have no mill and contemplate planting cane you will be doing a wise thing if you write us at once and have a mill reserved. These mills will not be ready for delivery before August or September and we will make terms of payment such as will assist you in every way.

We are building up an industry for you and ourselves and now more than ever before the future of the business depends upon the ability of the farmers to plant large acreage. Do not hesitate to call on us for any information and we will do all we can to co-operate with you in every way possible.

If you plant cane let us know the number of acres and if we must reserve barrels for you. The handling of this year's crop will require a great organization and you are a part of this and your welfare to a great extent depends on your foresight in procuring barrels and making arrangements for your crop.

Contracts are now ready.

VALUABLE HORSE SAVED

Expected Horse Would Die — Now Sleek and Healthy.

In reporting his experience, Mr. J. C. Huete, of Rock Bridge Baths, Va., stated: "My horse is the best advertisement you would want for Dr. LeGear's Stock Powders. He was in a run down fix and poor and I thought he would die soon. I got some of Dr. LeGear's Stock Powders—and today he is as fine a looking horse as you can see in this section. I only used a few boxes of Dr. LeGear's Stock Powders."

Mr. Huete benefited by the advice of Dr. LeGear. By following the Doctor's advice you can also keep your stock sleek and healthy. Get Dr. LeGear's Stock Powders from your dealer; feed it to your horses, milk cows, steers, hogs, and sheep as per directions. Satisfaction or money back.—Dr. L. D. LeGear Med. Co., St. Louis, Mo. GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly. Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then... it would last... two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three... I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children... Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

JOY'S COMING

By MILDRED WHITE.

(Copyright, 1920, Western Newspaper Union)

Big Tom stood gazing absently through the window of his crude office in the wood. His mother had distinguished him by this name, from the frail Tom, who was his father. Now that both were gone, the faithful son awakened bitterly to a sense of his own loneliness. With the cheery mother awaiting him each evening in the neat cottage home, this busy life among rough lumbermen had seemed neither profitless nor dull. Big Tom dreaded poignantly his evenings. He wondered, if he might not arrange to leave the work here, and go to a more companionable field in the city. But whom could he trust to carry on his great interests, which had grown to remarkable success? No, the life which he had been obliged to take up when his father's declining health made work no longer possible, must still be the life which would hold his fretting spirit. And as he gazed with somber eyes through the opening between the trees, he beheld an unbelievable thing; a girl's figure advancing rapidly toward him.

The girl, dropping her suit case before the office door, and sounding a tentative knock answered the question. To Tom's astonished stare, she gave a wistful smile. "If you please," asked the wonder-girl, "will you direct me to a hotel—or boarding house?" she added at his evident glance of dismay. "I left the train at the last stop, and have walked, searching upon my way. The place is less populated than I thought."

"Come in," said Big Tom, cordially. Before this girl's diffidence his self-consciousness vanished.

"Why did you come?" Tom asked abruptly.

The girl's crystal clear eyes met his frankly. "I came to hide away from a man," she replied, "and I left the train at the most isolated spot I could find. I hoped,—impatiently she brushed the tears from her fringed lids,—to find work here. Stenography perhaps, and support myself."

Big Tom whistled. "You know your own business of course," he said, "but don't you think you'd better go back. Surely there is some other way—"

"This is the only way," the girl answered decidedly.

"If it's the only way," he said briskly, "and you are determined in it, why, you may become my typist, this minute. I'll be almighty relieved to find one. Even in this wilderness I'm a busy man. And there's my mother's cottage, all ready for you to keep house in. It will be pleasant to think of you there, sort of keeping things going."

"And you?" asked the girl breathlessly, "where will you be?"

"Why, right here," Mr. Tom replied. "I bunk here now half the time."

So the plan worked out like a happy fairy tale, and the new arrangement of affairs ran smoothly, as affairs were wont to run, with Big Tom's planning. The girl bade him call her "Joy." "Because she had put her sorrows behind her," she said.

His love for her grew to a sort of reverence. In Joy, was personified all the beauty and truth and purity of the book women whom Tom had worshipped; almost the only women that he had cared to know. And every day, little Joy, singing about her neat cottage, or over the books in the cabin office, grew more and more into the very spirit of her name. It was then that Rawlings of the city end of the business came out to the forests to consult personally with Tom Herford. And when Rawlings faced Tom's little stenographer he stammered in what he was saying and left the room patently perturbed. Big Tom's troubled eyes noted Joy's sudden pallor, and when Rawlings had gone she came to him with a gesture of resignation. "I will have to leave you, Big Tom," she said wearily.

"Rawlings is not the man you are hiding from?" he asked sharply.

Joy shook her head. "He will send the other man to find me," she told him.

Suddenly, she was sobbing.

"You don't understand, Tom dear," she cried, "the man I ran away from, was my promised husband."

Instantly his arms released her, accusingly his eyes held hers.

"Listen," the girl went on, "I was for years secretary to a wealthy woman who loved and trusted me. Before she died, she begged me to marry her only son, that I might guard her fortune and convert him from recklessness to wisdom. I agreed, only when I thought that he loved me. He was winningly attractive in a young girl's eyes, and I also thought—Oh! Tom how could I ever have thought—that I cared for him: we agreed before witnesses that we should be married as soon as the requirements of the will were adjusted.

Dazedly Big Tom turned to answer the telephone. When he replaced the receiver, he swung about and held out his arms.

"Joy of my life," cried Tom exultantly, "you don't have to go back. You are not going back, until you go, as my wife. That was Rawlings; he called to say that the man you ran away from is married and already he has taken steps to secure his mother's money."

"He can have it all," said Joy eagerly.

Big Tom laughed. "Reckon I've got enough for you honey," he said.

WHY HAVE "SPRING FEVER"

Why Worry, Fret, and Get Nothing Done, Just Because Your Blood is Sluggish?

Your Blood Needs Strengthening

People Nowadays Take That Wonderfully Effective Blood Tonic, Pepto-Mangan—Your Druggist Has It.

Really, isn't it foolish to be handicapped for weeks in the Spring, just because your blood is sluggish?

The glorious Spring days! You ought to enjoy them, instead of feeling unhappy and half asleep—just too tired out for anything. You ought to be finding new vigor for your work in the Spring air—"pep," enthusiasm, happiness!

But you can't, because your blood is clogged with poisons. For long months it has had too little fresh air and has fought off many germs. And it now has heat-making properties that are not needed in warm weather.

Don't work under a handicap, when it isn't necessary at all. Clear up your sluggish blood. Give it help. Get some of that famous blood purifier and tonic, Pepto-Mangan.

Pepto-Mangan is used by physicians everywhere. You can buy it at any drug store in either liquid or tablet form, just as you prefer. There's no difference in medicinal value.

Make certain that you get the genuine Pepto-Mangan. Ask for "Gude's Pepto-Mangan," and see that the name "Gude's" is on the package. Adv.

IM WELL!
YOU WELL?
STERIZOL PREVENTS DISEASE

It's dollars to doughnuts—

no man ever smoked a better cigarette at any price!

CAMELS quality, and their expert blend of choice Turkish and choice Domestic tobaccos hand you a cigarette that will satisfy every smoke desire you ever expressed. You will prefer this Camel blend to either kind smoked straight!

Camels mellow-mildness will certainly appeal to you. The "body" is all there, and that smoothness! It's a delight!

Go the limit with Camels! They will not tire your taste. And, they leave no unpleasant cigarette aftertaste nor unpleasant cigarette odor!

Just compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

Ashland Men Make Fine Donation

Ashland Manufacturers Donate Uniforms, Shoes and Text-Books for Student Nurses of King Daughters Hospital Training School.

The manufacturers of Ashland, having observed the growing scarcity of professional nurses in Ashland and vicinity and desiring to aid in influencing eligible young women to adopt nursing as a profession, have very generously provided for free uniforms, shoes and text-books for the student nurses of the Kings' Daughters' Hospital Training School.

By this arrangement the student nurses will be under no expense while in training. They receive a moderate salary which is increased each year and, at the end of the three years course, are graduated as professional nurses. The Ashland manufacturers deserve much credit for this liberal contribution to the Kings' Daughters' Hospital.

WANTED: Student nurses at the King's Daughters' hospital to begin training at once. Application blanks secured by applying in person or by mail to Superintendent King's Daughters' hospital, Ashland. (adv.)

PRESTONSBURG

Population 1700.

The 1920 census will show Prestonsburg has a population of 1700. This is an increase of 550 over the census of 1910. Prestonsburg proper without annexation has increased more than 50 per cent in ten years.

S. Blackburn Dies.

Sherman Blackburn returned from the Louisa hospital a few days ago. It was thought he was very much improved in health, but Wednesday the final end came, and he passed to the great beyond.

Road News.

If the people of Prestonsburg and along the route on the east side want the Big Sandy Highway, they must submit in a few days a proposition of donating the right of way to Mr. Flanagan, chief engineer in the field. The man who demands money for this road coming through his farm is a "slacker" of the worst sort. It is up to the good citizens now to do something.

ANTI-SUICIDE CLUB FOR DOWN AND OUTERS

Helping Hands Stretched Out By Salvation Army Workers to the Despairing.

Many anti-suicide clubs in the state of Kentucky are quietly carrying on the work of inducing people not to take their own lives.

These clubs are among the Salvation Army's many agencies for grappling with moral and social problems. Practically every active Salvation Army corps in the state has one of these clubs—whether the agency bears the name of "Anti-Suicide Club" or not.

State Army officials report that local Salvation Army officers frequently are notified of cases of attempted suicide, or of those suffering from morbid impulses. Particulars in these cases come from police, relatives of the distressed persons, or through other agencies.

Salvation Army officers, when they hear of a case of a person being on the verge of taking his own life, immediately call on the person and give what advice or relief is necessary. By talking things over with the Salvation Army officer, the person gets a different view of things and often concludes that life is worth while.

This is one of the many agencies for good in the work of the Salvation Army, whose Home Service Campaign is on in Kentucky, May 10-20.

F. K. LANE HEADS NATION-WIDE DRIVE

Former Secretary of the Interior to Conduct Salvation Army Home Service Campaign.

One of the best-known men in the country, Franklin K. Lane, former Secretary of the Interior in President Wilson's cabinet, is to be the national chairman of the great Salvation Army Home Service drive, May 10-20.

Although under contract to assume charge of some great oil well properties for rich westerners April 1, ex-Secretary Lane declared that this work could wait until he had discharged his duties as head of a great campaign to raise money to help the poor and the unfortunate.

A "shirt sleeve" man himself, Secretary Lane knows what the pinch of poverty is. Born and reared a poor boy, he had many a hard knock before winning success.

In assuming charge of the campaign Secretary Lane said: "I know of no greater bulwark that could be raised against the rising tide of human unrest than to strengthen the hands of this hand of self-sacrificing Christian soldiers who have the confidence of all men regardless of race, creed, color or position in life."

GOVERNOR MORROW GENERAL CHAIRMAN

Salvation Army Home Service Campaign in Kentucky Will Take Place May 10-20.

Governors of all states east of the Mississippi river are taking an active interest in the Salvation Army Home Service Campaign, May 10-20. Realizing the splendid work done by the Salvation Army and appreciating its earnest desire to fully meet present-day opportunities, Governor Edwin P. Morrow, of Kentucky, has accepted the general chairmanship of the campaign in this state. The state chairman is Judge Henry S. Barker, of Louisville. Judge Barker is very well known to Kentuckians. He served as a member of the State Court of Appeals, was president of the University of Kentucky, and is engaged in the practice of law in Louisville. Judge Barker has always taken a leading part in welfare work in Kentucky. Vice chairmen will be appointed for each of the thirteen districts in the state.

J. Paul Swain is the state director, with offices in the Coleman Building, Louisville. He is assisted by three division directors—H. M. Oldfield, for the Western Division; Owen R. Mann, for the Central Division, and C. C. Camden, for the Eastern Division. Charles W. Morris, Louisville, is chairman of the Speakers' Bureau, and George R. Stephens is state publicity director.

In accepting the general chairmanship of the campaign Governor Morrow said:

"The splendid work of the Salvation Army appeals to the heart of all who are familiar with the work accomplished by its unselfish, devoted officers and members. Wherever the Salvation Army 'carries on' there you will find a need supplied; a foot-sore unfortunate comforted; a hungry one fed, an aching heart given succor of sorrow."

"I appeal to the great heart of Kentucky to respond generously to the call of the Salvation Army in its Home Service Campaign. Let us not be outdone by other states in rallying to the support of an institution which has done and stands waiting to do its full share, brimful and running over, for the homeless and the afflicted."
